

```
using System;
namespace Csharp_shell
{
    public class program
    {
        int x = 0;
        void print(int x, int y)
        {
            x = x + y;
            Console.WriteLine(x);
        }
        public static void Main()
        {
            program p = new program();
            p.print(5, 5);
        }
    }
}
```
