```csharp
using System;
namespace CSharp_Shell
{
    public class program
    {
    public dtatic void main()
    {
    try
    {
    int a=2;
        int b=0;
        int c=a/b;
        Console.WriteLine(c);
    }
        catch(Exception e)
    {
     Console.WriteLine("Exception
occured"+e);
     }
        finally
    {
    Console.WriteLine("Exception handled");
    }
    }
    }
}
```
